

Employee Performance: Appraisal and Management Calendar

This 16-hour training, led by Melany Felton or Charon Mckinley, helps Supervisors and Managers better understand the Performance Management process and is based upon the International City/County Management Association (ICMA) curriculum of the same name.

A good amount of this curriculum is covered within the Personnel Primer training that we offer. Please contact Melany Felton or Charon Mckinley should you desire to have this training conducted within your department.

Organization Development & Training Division

Our mission is to constantly build organizational effectiveness by providing the material and conceptual resources needed to improve performance and enhance the quality of work life.

We are committed to the continuous growth and development of our people.
